BOXER FA XL ROTARY MOWER

The Boxer FA XL rotary mower is a heavier version of the normal FA rotary mower. It is extremely suitable for use behind compact and medium-sized tractors. The point-like front of the mower allows it to be placed shorter behind the tractor. The mower has 3 cutting blades and the cutting height is adjustable by adjusting the 4 idlers. Because idler roller is at the front, this ensures that the mower does not get stuck in the ground and leave no tracks. It also ejects the grass at the rear.

- Comes complete with power take-off.
- Supplied as a package (assembly time 1 hour).

FA 1500 XL: €2,100.00

FA 1800 XL: €2,425.00

FA 2100 XL: €2,890.00
