BOXER FMU ROTARY MOWER WITH DENKER

This pasture blower/mower is ideal for use in orchards, meadows or lawns. The machine is equipped with 3 heavy-duty rotors with 2 replaceable swing blades. The height of the mower is easily adjustable thanks to the roller at the back and the wheels at the front. This machine is ideal for use behind the compact tractor. Due to the heavy swinging blades, any light branches and droppings are broken. The 70 cm Disc cuts between trees and posts.

Machine is driven by V-belts.

- Comes complete with power take-off.
- Supplied in a package (assembly time 1 hour).

FMU 150D: €2,920.00

FMU 180D: €3,070.00
