BOXER FHSC FRONT HEDGE TRIMMER

Boxer FHSC Front Hedge Trimmer with Euro and W Quick Release

The Boxer FHSC Front Hedge Trimmer is a powerful and reliable hedge trimmer designed for professional use in landscaping and agriculture. It offers excellent performance and flexibility thanks to the combination of a Euro and W quick-change system for easy mounting and changing of implements.

Key specifications:
- Working width: 160 cm, ideal for efficient trimming of wide hedges and shrubs.
- Hydraulic requirements: Operates with an oil flow of 20 litres per minute and pressure of 140-180 bar, ensuring optimum performance and smooth operation.
- Durable design: Robust construction and high-quality materials for a long service life, even under tough conditions.
- User-friendly: Quick connection and versatile use thanks to the Euro and W quick-change system.

With its precision, power and ease of use, the Boxer FHSC is the ideal choice for professionals who demand efficiency and quality in hedge and shrub maintenance.

FHSC 160E: €2,950.00

FHSC 160W: €2,950.00
