BOXER 4 IN 1 BOX

The 4-in-1 bucket is suitable for various operations such as loading, sliding, gripping and levelling. With its hydraulically operated clamping function, the bucket can both grip and unload material. This makes the bucket usable for various applications in agriculture, earthmoving and maintenance work. Suitable for mounting on a tractor front loader.

4-1 FT254: €1,220.00

4-1 FT404: €1,320.00
