BOXER BK BALER

The BK bale clamp is suitable for picking up and transporting round bales up to 130 cm in diameter. The clamp has an adjustable width of 90 to 170 cm and is hydraulically operated. With a maximum gripping capacity of 1200 kg, this clamp can safely move various types of bales without damaging the outer layer.

Equipped with Euro connection for mounting on a compact wheel loader.

BK: €1,125.00
