BOXER HH DEMOLITION HAMMER

The HH demolition hammer is suitable for demolition work such as breaking concrete, stone and asphalt. The hammer is available for excavators from 1.2 to 9 tonnes and comes with CW05 or CW10 connection, fitting various machines within this weight class.

The demolition hammer is hydraulically driven and designed for daily use in construction, infra and site maintenance work.

HH15: €3,850.00

HH25: €4,150.00

HH40: €4,950.00

HH80: €5,850.00
